Eastern Local School District  
Interdistrict Open Enrollment Application  
2018-19 School Year

One priority of the Eastern Local School District is class size maintenance and impact this has on the academic performance and social growth of our district resident students. For this reason the district may hold Open Enrollment applications received until a time when school personnel are certain that the addition of non-resident students will not have a negative impact on class sizes. The purpose of this notice is to make applicants aware that the decision to approve or deny a request for open enrollment may take place as late as the opening of school for the new school year. The district encourages all families with pending applications to register school-aged children at the district of residence. If you have questions concerning the status of an application for Open Enrollment you are encouraged to contact the principal of the building(s) for which enrollment is being requested.

Families making first time application for Open Enrollment must provide verification of residency.
